

BYRD
BUILDING

We are *Byrd Building.*

Byrd Building is defined by uncompromising quality, time-tested architecture and our dedication to each of our homeowners. We believe in the value of the “hands on” approach in every aspect of home construction. Byrd Building is committed to working harder, offering more and providing you with peace of mind through the entire process. Our homes are built by talented teams of skilled craftsmen, dedicated to uncompromised workmanship. Our reputation depends on creating more than a house, but a home that you will be proud of and your friends and family will admire.

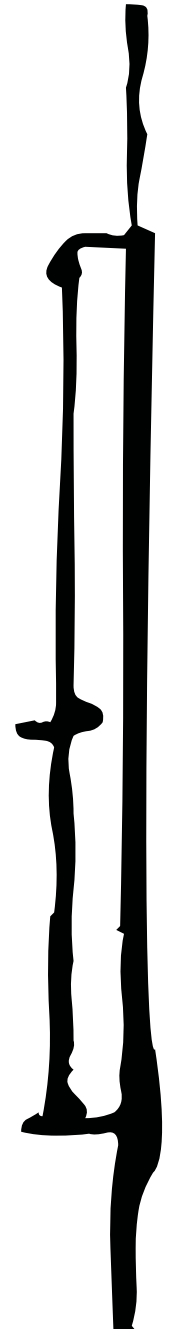

Your Home.

Your Life.

Your Story.

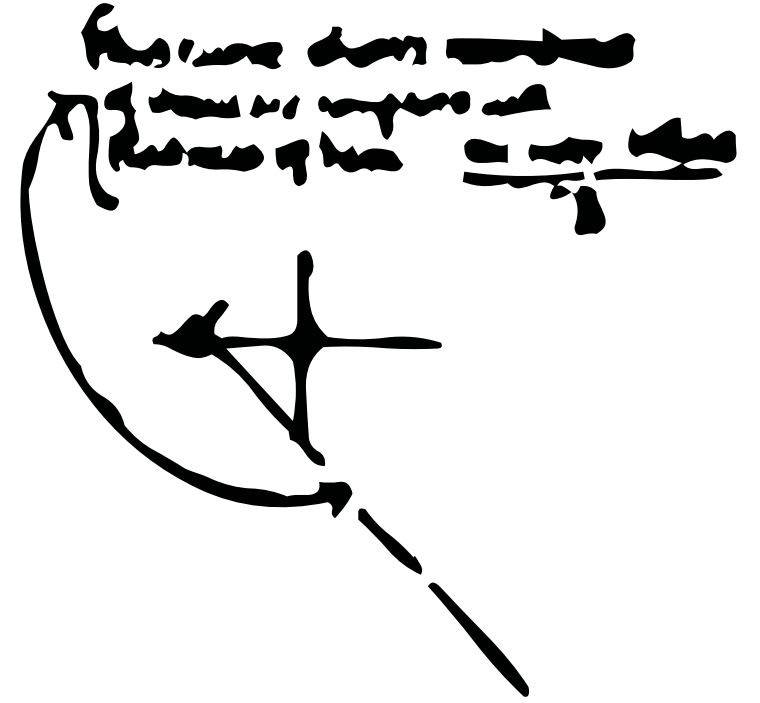

Your home should reflect all the things that tell your story. Where you've been, what's important to you and what you value. Whether your home is formal or relaxed, traditional or contemporary, high style or shabby chic, when it tells your story, it just feels right. You'll love living in a Byrd Building home that is designed and built just for you. It's like slipping into your favorite chair. Familiar, relaxing, a perfect fit. Byrd Building inspires exquisite residential projects for discerning clients who have a unique and personal vision for their home. We do the extraordinary, even in the ordinary, everyday things.

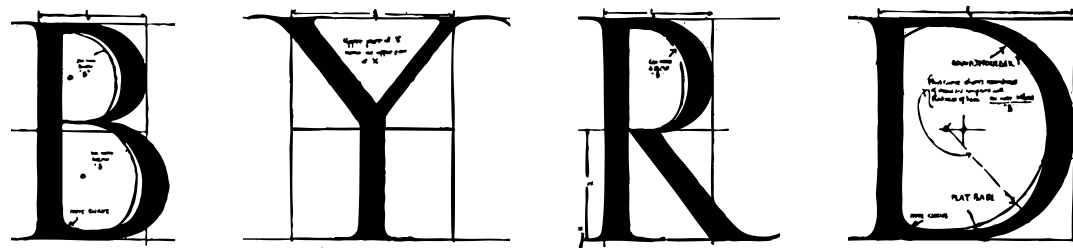

Rick & Dava

Established in 1998, Byrd Building is a family business managed by Rick and Dava Byrd. Rick grew up in a family of residential contractors and graduated from the University of Oklahoma with an MS degree in Construction Administration. He has been fortunate enough to work with some of Norman's best home builders, including NAHB Life Director Ben Newcomer, Don Cies, Bus Eoff, Clark Heatherington, George Musgrave, Don Overton, Claudell Overton, Charles Epperson, Mike Barnett, John Tune, Bob Thompson, Jimmy Motie, Ben Graves and others. A 12-year career with Flintco, Inc. nurtured his ability to manage projects large and small. Rick is accustomed to working with diverse groups of professionals, and he has a talent for managing building processes and contractors.

STUDIO C+D

Studio C+D is committed to working with our clients to create beautiful, unique homes and living spaces using innovative concepts and designs. Studio C+D works exclusively with Byrd Building clients in a collaborative design partnership.

We are personally involved with every element of the design process in building your new home. From plan oversight to the finishing touches. We make it simple.

Our team is dedicated to listening to you, getting to know your personality, your lifestyle and your tastes. We create and carry out a design plan that will capture your design dreams and make them a reality.

Window Innovations

At Window Innovations, we take great pride in customer satisfaction. We have worked diligently to build lasting and loyal relationships with some of the most premier home builders, contractors and designers in our area. Home owners and professionals alike have trusted us for their window and door needs for decades. With over 80 years of experience, our professional staff can help with the design and implementation to meet all of your needs.
